Do You Have the Personality to Thrive as a Future CVMC Resident?

- Do you love building a fun and innovative team environment while creating new things?
- Are you passionate about learning but unsure how to keep up?
- Do you dream of working in a hospital setting?
- Are you considering a future in academia or pharmacy leadership?
- Do you want to explore different specialties before committing to a PGY2 or a focused career path?
- Are you passionate about rural health care?

ABOUT CANYON VISTA MEDICAL CENTER (CVMC)

Located in the beautiful high desert of Southeastern Arizona, Canyon Vista Medical Center proudly serves the healthcare needs of Sierra Vista, Fort Huachuca, Cochise County—home to more than 131,000 residents—and surrounding communities. Nestled in the scenic San Pedro River Valley, just 75 miles southeast of Tucson.

Founded in 1963 as Western Baptist Osteopathic Hospital, Canyon Vista Medical Center (CVMC) has served as a cornerstone of healthcare for the Sierra Vista community and surrounding areas for over six decades. CVMC has grown alongside the region, continuously evolving to meet the expanding needs of its patients and advancements in medical technology.

Today, CVMC is a state-of-the-art, 177,000-square-foot facility with a 100-bed, designed to provide comprehensive, high-quality care in a comfortable and healing environment. As a teaching acute care hospital, CVMC is committed to clinical excellence, patient-centered care, and innovation. Our dedicated team of healthcare professionals is proud to continue a tradition of compassion, integrity, and service—providing advanced medical care close to home.
